

CLAIMS

We claim:

1. A micro-stamp array supported on a substrate comprising:

5

an array of micro-stamp sticks substantially of a same stick length extending vertically from a surface of said substrate.

2. The micro-stamp array of claim 1 wherein:

10

each of said micro-stamp sticks further comprising a micro-channel for holding a liquid sample of predefined volume therein.

CONFIDENTIAL INFORMATION CONTAINED HEREIN IS UNPUBLISHED AND
NOT FOR DISCLOSURE OR USE EXCEPT AS PROVIDED IN THE
ATTACHED AGREEMENT.
